Pick Up/Drop Off Permission Form

Here are our guidelines for picking up and dropping off your child if he/she does not ride the bus.

1. **All parents will be asked to complete a pick up/drop off permission form.** Any changes to the pick up form must be done in writing as soon as possible! **A parent may telephone the teacher to have someone else pick up their child**, but that person must be listed on the pick up/drop off form. IN AN EMERGENCY, a parent may phone a request that someone not listed be allowed to pick up the child. They must follow up with a written change to the form as soon as possible.
2. **Anyone picking up a child at the center MUST be listed on the pick up form** and show identification when asked. Staff is required to ask for identification if they do not know the person picking up the child.
3. **A child cannot be picked up by anyone other than a responsible adult.** A responsible adult is defined as a parent/legal guardian or individual of at least 18 years of age.
4. **Staff may release a child to either biological parent, UNLESS we have a copy of custody orders or court documents on file.** If there is no court document available or there is any doubt that the child should leave with the other parent, the following precautionary steps may be taken: call the parent/guardian or legal guardian that the child lives with or call the police department.
5. **Children will not be allowed to arrive at school before the normal scheduled start time** 6:30 am for Wrap Around child care or 8:00 am Pre School. Parents will be charged for a full hour of Wrap Around care when child is brought before their scheduled time.
6. When bringing or picking up your child at school, **you are required to walk him/her into the building.** This will assure the safe arrival of your child.
7. **Children must be picked up promptly at dismissal time.** Late pick up charges of $1.00 per minute per child will be added to your account when a child is picked up later than his/her scheduled time. If a child has not been picked up from the center within 15 minutes of dismissal time and a parent or emergency contact will be called.

Please list below all possible adults that may pick up or drop off your child during this school year. As the parent/guardian you are still responsible for letting the school know when the following people are picking up your child.

Has this child seen an eye doctor within the last year? ☐ No ☐ Yes

If yes, the screening is not necessary. Continue appointments with your eye doctor.

Free vision screening will be offered to children by a local Lions Club. Screenings are in conjunction with Iowa KidSight, in the Department of Ophthalmology and Visual Sciences at the University of Iowa Stead Family Children's Hospital. Vision screening produces images of a child's eyes to determine the presence of eye disorders including far- and near-sightedness, astigmatism, anisometropia (unequal refractive power), strabismus, (misaligned eyes), and media opacities (e.g., cataracts). No physical contact is made with a child and no eye drops are used during the vision screening. This screening is approximately 85-90% effective in detecting problems that can cause reduced vision.

Participation is voluntary. This screening is designed for children 6 months of age through Kindergarten. Children who are younger than 6-months old will not be screened. No child will be screened without a signed and completed consent form. Each individual child needs his/her own consent form. If you have questions, please contact: Iowa KidSight, 2431 Coral Court #5, Coralville, Iowa 52241, or 319-353-7616, or kidsight@uiowa.edu.

If your children do not have health insurance, many families getting free and reduced price meals can also get free or low-cost health insurance for their children.

The law requires schools to share your free and reduced price meal eligibility information with Medicaid and *hawk-i*, the State's medical insurance program for children. Specifically, we will give them your child's name and your name and address. Medicaid and *hawk-i* can only use the information to identify children who may be eligible for free or low-cost health insurance and then to contact you. They are not allowed to use the information from your free and reduced meal application for any other purpose.

Childcare organizations may share this information at their option.

You are not required to allow us to share information from your children's free and reduced price meal application with Medicaid or the *hawk-i* program. It will not affect your children's eligibility for free and reduced price meals. If you do NOT want your information shared with Medicaid or *hawk-i*, you must tell us by completing the information below at the time you complete this eligibility application. Self-Employment Income Worksheet: This worksheet will assist you in calculating the amount to report if you engage in farming, are self employed, or have income from other sources.

Persons who are engaged in farming or who operate other types of private businesses may experience variations in cash flow or monthly income throughout the year. These persons may use their income tax records from the preceding calendar year as a basis for applying for the free and reduced price meals. The income to be reported is income derived from the business venture less operating costs incurred in the generation of that income. Deductions for personal expenses such as medical expenses and other non-business deductions are not allowed in reducing gross business income.

If you have additional income from other kinds of employment, this income must be treated as separate and apart from the income generated from your business venture. USDA **DOES NOT** recognize income the same way as IRS. USDA does not permit a loss from a business venture to off-set earnings from wages or salary. Though your business may have suffered a net operational loss, for purposes of this application, it is not possible to have a negative income. **The least self employed income possible is zero (no income).** For example, if you operated a business at a net loss but held another job where you received wages, your income for purposes of applying for free or reduced price meals would be the income from your wages only. The loss from the business cannot be deducted from the amount of the income earned in the other job.

A prior year loss from farming or other private business operation cannot be used to reduce the current year net income for determining free and reduced price eligibility. Wages paid to a spouse or other family member in the operation of a farm or private business must be shown as household income in Part 5 of the application.

Income from private business operations is to be taken from your most recent U.S. Individual Income Tax Return - Form 1040. Use the lines from the 1040 that are identified.

How Does CACFP work?

CACFP reimburses participating centers and day care homes for serving nutritious meals. It is administered at the Federal level by the Food and Nutrition Service (FNS), an agency of the U.S. Department of Agriculture (USDA).

The **Iowa Department of Education** administers CACFP in Iowa. The State agency approves sponsoring organizations and independent centers to operate the Program at the local level. The State also monitors the Program and provides guidance and assistance to ensure requirements are met.

Sponsoring organizations play a critical role in supporting day care home providers and/or centers through training, technical assistance, and monitoring. Several types of organizations are approved by the State agency to serve as home or center sponsors, including community action agencies, nonprofit organizations, public agencies, and churches. Centers may operate independently, but all day care homes must come into the Program under a sponsoring organization.

What is CACFP?

CACFP is the Child and Adult Care Food Program, a Federal program that provides reimbursement for serving healthy meals and snacks to children and adults receiving day care.

Each day more than 3.2 million children and almost 112,000 older adults participate in CACFP. Through CACFP, participants' nutritional needs are supported on a daily basis. The Program plays a vital role in improving the quality of day care and making it more affordable for many low-income families.

In addition to day care, CACFP helps make afterschool programs more appealing to at-risk children and youth. Afterschool centers that serve meals and snacks draw students into constructive activities that are safe, fun, and filled with learning opportunities.

Children who are homeless or from temporarily displaced families can also receive up to three meals each day through emergency shelters that operate the Program.

Who is eligible for CACFP meals?

- Children age 12 and under,
- Migrant children age 15 and younger,
- Children and youths through age 18 in afterschool programs in low-income areas,
- Children and youths age 18 and under residing in emergency shelters, and
- Adults age 60 and older enrolled in an adult day care center, and functionally impaired adult participants in day care or emergency shelters.

What kinds of meals are served?

CACFP facilities follow the meal patterns established by USDA.

- Breakfast requires of a serving of milk, fruit or vegetable, and grains
- Lunch and supper require milk, grains, meat or meat alternate, a vegetable, and a fruit (or two different vegetables).
- Snacks require two different servings of the five components: milk, fruits, vegetables, grains, and meat or meat alternate.

Infants follow a separate meal pattern.

CACFP Facilities

Many different facilities operate CACFP, all sharing the common goal of serving nutritious meals and snacks to participants.

- **Child Care Centers**
  Licensed or approved public or private nonprofit child care centers, Head Start programs, and some for-profit centers serving meals to large numbers of low-income children.
- **Day Care Homes**
  Small groups of children receive nonresidential day care in DHS registered private homes.
- **"At-Risk" Afterschool Care Programs**
  Centers in low-income areas provide free meals and snacks to school-age children and youth.
- **Homeless Shelters**
  Emergency shelters provide temporary shelter and food services to homeless children.
- **Adult Day Care Centers**
  Public, private nonprofit, and some for-profit adult day care facilities provide structured, comprehensive services to functionally impaired nonresident adults.
